

viruses

Dear Colleagues,

As Editor-in-Chief of *Viruses*, I am pleased to announce the winners of the **Viruses Travel Awards** for 2019: **Dr. Jelke Fros**, post-doctoral fellow at the Wageningen University in the Netherlands; and **Joshua Hatterschide**, PhD student at the University of Pennsylvania, Philadelphia PA, USA. Dr. Fros's research focuses on the effects of CpG and UpA dinucleotide frequencies in viral genomes on viral replication. Mr. Hatterschide's research seeks to understand how the interaction between human papilloma virus (HPV) E7 and the host protein tyrosine phosphatase, PTPN14, relates to HPV replication and pathogenesis.

Each travel award provides 800 Swiss Francs to attend a virology conference in 2019.

2019 VIRUSES TRAVEL AWARDS WINNERS

Congratulations to the winners of this very competitive travel award.

Eric O. Freed, Ph.D.
Editor-in-Chief, *Viruses*
Director, HIV Dynamics and Replication Program
Center for Cancer Research
National Cancer Institute
Frederick, MD, USA

Viruses (ISSN 1999-4915) Impact Factor 3.761 (2017 Journal Citation Reports®). The competition for the 2020 *Viruses* Travel Awards will open in early June. Please check <https://www.mdpi.com/journal/viruses/awards> for more information as this date approaches. Please join the “*Viruses 2020 - Novel Concepts in Virology*” conference, Barcelona, 5–7 February 2020 (<https://viruses2020.sciforum.net/>).
