

plants

The editorial team would like to congratulate the winners of the 2019 *Plants* Best Paper Award. The winners were selected by a selection committee, which was composed of *Plants* Editorial Board Members, and finally approved by the Editor-in-Chief, Prof. Dr. Dilantha Fernando. The top-voted research article and the top-voted review won the 2019 *Plants* Best Paper Award:

Article:

Phytotoxicity of Essential Oils on Selected Weeds: Potential Hazard on Food Crops

María Dolores Ibáñez and María Amparo Blázquez

Plants **2018**, 7(4), 79; <https://doi.org/10.3390/plants7040079>

Review:

Hitting the Wall—Sensing and Signaling Pathways Involved in Plant Cell Wall Remodeling in Response to Abiotic Stress

Lazar Novaković, Tingting Guo, Antony Bacic, Arun Sampathkumar and Kim L. Johnson

Plants **2018**, 7(4), 89; <https://doi.org/10.3390/plants7040089>

2019 PLANTS BEST PAPER AWARD WINNERS

We congratulate and thank the authors for having chosen *Plants* to publish their work.

In recognition of their accomplishment, the authors will each receive a cash award of **500 CHF** and the privilege of publishing an additional research article or review paper free of charge in open access format in *Plants* after the usual peer-review procedure.
