remote sensing

Dear Colleagues,

We are pleased to announce the "*Remote Sensing* 2023 Best Paper Award" for research and review articles published in 2021. Three reviews and seven research articles will receive an award each. The papers will be selected following a thorough evaluation by the journal's Award Committee led by the Editor-in-Chief, Dr. Prasad S. Thenkabail.

2023 BEST PAPER
AWARD
FOR RESEARCH AND REVIEW ARTICLES

Eligibility for the Award:
– Papers published in *Remote Sensing* in 2021;
– The award is open to all career levels;
– Both regular and Special Issue submissions will be considered.

Selection Criteria:
Papers will be selected according to the following criteria:
– Scientific merit and broad impact;
– Originality of the research objectives and/or the ideas presented;
– Creativity of the study design or uniqueness of the approaches and concepts;
– Clarity of presentation;
– Citations and downloads.

The first prize (one review and two research articles):
– Each winner will receive CHF 800, a certificate, and the opportunity to publish a paper free of charge in Remote Sensing in 2023 after peer review;

The second prize (two reviews and five research articles):
– Each winner will receive CHF 500, a certificate, and the opportunity to publish a paper free of charge in Remote Sensing in 2023 after peer review.

The winners will be announced on the journal's website in May 2023.
