

chemistry

Dear Colleagues,

It is with deepest regret that we have to announce the *Chemistry* 2020 Travel Award for travel in 2020 has been postponed due to the ongoing coronavirus outbreak. Applications for 2021 are welcomed and will be made under the description “*Chemistry* 2020 Travel Awards”.

We are pleased to announce that the application period is now open for the *Chemistry* Travel Awards in 2020. The applications will be assessed by an Evaluation Committee chaired by the Editor-in-Chief of *Chemistry*, Prof. Dr. Edwin Charles Constable.

This prize provides financial assistance for an excellent PhD student to attend an international academic conference to build up their research network.

2020-2021 TRAVEL AWARD

Candidate Requirements:

- Applicants must be PhD students working in the broad area of supramolecular chemistry;
- Applicants must plan to attend an international conference related to supramolecular chemistry in 2020/2021 to present their research (oral or poster presentation).

Required application documents (in English):

- Outline of current and planned future research (maximum 4 pages);
- CV (please include a complete list of publications);
- The conference you would like to attend (list the conference name and its website) and a short abstract of the work you plan to present;
- A letter of recommendation from your supervisor, research director, or department head confirming your status as a PhD student.

The award will consist of 500 Swiss Francs.
