

machines

Dear Colleagues,

We are pleased to announce that *Machines* is now inviting applications for the *Machines* 2023 Intelligent Manufacturing Award. This prize will be given to one applicant who has made a unique and outstanding academic or societal contribution to intelligent manufacturing. All applications will be assessed by an Award Evaluation Committee led by the Editor-in-Chief, Prof. Dr. Antonio J. Marques Cardoso.

The Prize:

- CHF 1000;
- Option to publish one paper free of charge in *Machines* after peer review before the end of 2024;
- An electronic certificate.

Eligibility and Requirements:

- Must have received their PhD no more than 10 years prior to 31 December 2023;
- Have made a unique and outstanding academic or societal contribution to intelligent manufacturing.

List of Documents for Applications:

- The self-recommendation summary and contact details (including title, name, institutional affiliation, and email address);
- Scanned copy of doctorate certificate;
- The related work summary:
 - a. A detailed description of the applicant's work (max. 3000 words), highlighting the contributions to intelligent manufacturing;
 - b. Applicant's detailed CV;
 - c. Applicant's intelligent manufacturing-related publications or social work;
 - d. Applicant's list of funded projects (if available);
 - e. A recommendation letter from a senior scientist;
 - f. Other relevant information (supplementary materials).

Schedule:

Application deadline: 31 December 2023

Winner announcement: 31 March 2024
