Dear Colleagues,

We are pleased to announce the winners of the *Insects* 2020 Best Paper Awards. All papers published in *Insects* from 1 January to 31 December 2018 were considered for the awards, and one research article and one review won. An Evaluation Committee considered the originality and significance of the papers, as well as the citations and downloads in 2019, in choosing the winners.

1. Phenotypic Plasticity Promotes Overwintering Survival in A Globally Invasive Crop Pest, *Drosophila suzukii*

by Dara G. Stockton, Anna K. Wallingford and Gregory M. Loeb

Grant: The value of the award is 500 CHF and one free publication quota before the end of 2021, after the normal peer-review procedure.

2. Transmission Success of Entomopathogenic Nematodes Used in Pest Control

By Sophie Labaude and Christine T. Griffin

Grant: The value of the award is 500 CHF and one free publication quota before the end of 2021, after the normal peer-review procedure.

2020 BEST PAPER AWARD WINNERS

We believe the above papers represent valuable contributions to *Insects* and the scientific literature. This award strengthens friendly relations with eminent authors. We warmly congratulate the winners.
