This reprint commemorates the 10th anniversary of *Technologies*, an esteemed international, peer-reviewed, open-access journal by MDPI, recognized for its contributions to advancing interdisciplinary research in diverse technological fields. Since its inaugural issue in 2013, *Technologies* has become a trusted platform for high-impact studies, earning indexing in prominent databases like ESCI, Inspec, and INSPIRE. Ranked 46th among 170 journals in the “Engineering and Multidisciplinary” category with a Q2 Journal Citation Indicator rating, the journal achieved a significant milestone by receiving its first Impact Factor in 2021, underscoring its commitment to quality and innovation.

To celebrate a decade of excellence, the journal released a Special Issue titled “10th Anniversary of *Technologies*—Recent Advances and Perspectives”, which brought together 36 exceptional research articles and reviews. This collection highlights groundbreaking advancements across a broad spectrum of topics, including quantum technologies, material processing innovations, construction technologies, environmental and medical advancements, biotechnologies, and computer and information technologies. This reprint gathers the articles from the Special Issue into a cohesive reprint, offering readers a valuable resource. We extend our deepest appreciation to the contributors and reviewers whose dedication made this commemorative volume possible.

MDPI Books offers quality open access book publishing to promote the exchange of ideas and knowledge in a globalized world. MDPI Books encompasses all the benefits of open access – high availability and visibility, as well as wide and rapid dissemination. With MDPI Books, you can complement the digital version of your work with a high quality printed counterpart.

### **Open Access**

Your scholarly work is accessible worldwide without any restrictions. All authors retain the copyright for their work distributed under the terms of the Creative Commons Attribution License.

### **Author Focus**

Authors and editors profit from MDPI's over two decades of experience in open access publishing, our customized personal support throughout the entire publication process, and competitive processing charges as well as unique contributor discounts on book purchases.

### **High Quality & Rapid Publication**

MDPI ensures a thorough review for all published items and provides a fast publication procedure. State-of-the-art research and time-sensitive topics are released with a minimum amount of delay.

### **High Visibility**

Due to our global network and well-known channel partners, we ensure maximum visibility and broad dissemination. Title information of books is sent to international indexing databases and archives, such as the Directory of Open Access Books (DOAB), and the Verzeichnis Lieferbarer Bücher (VLB).

### **Print on Demand and Multiple Formats**

MDPI Books are available for purchase and to read online at any time. Our print-on-demand service offers a sustainable, cost-effective and fast way to publish MDPI Books printed versions.
