Edited by  
Janusz Dudczyk  
Piotr Samczyński

ISBN 978-3-7258-3323-8 (Hardback)  
ISBN 978-3-7258-3324-5 (PDF)

The aim of this Special Issue is to showcase research works on the latest modern solutions in radar signal detection, recognition, and identification. Many topics are touched on throughout this collection, including the following: measurement and signature intelligence; the extraction of distinctive features from radar signals across different applications, including new technologies and data processing; artificial intelligence applications in radar signal detection; classification methods; and data particle divide algorithms in both military and civilian applications. Contributions from leading international experts in this field of research are collected and presented in this Special Issue.

MDPI Books offers quality open access book publishing to promote the exchange of ideas and knowledge in a globalized world. MDPI Books encompasses all the benefits of open access – high availability and visibility, as well as wide and rapid dissemination. With MDPI Books, you can complement the digital version of your work with a high quality printed counterpart.

### **Open Access**

Your scholarly work is accessible worldwide without any restrictions. All authors retain the copyright for their work distributed under the terms of the Creative Commons Attribution License.

### **Author Focus**

Authors and editors profit from MDPI's over two decades of experience in open access publishing, our customized personal support throughout the entire publication process, and competitive processing charges as well as unique contributor discounts on book purchases.

### **High Quality & Rapid Publication**

MDPI ensures a thorough review for all published items and provides a fast publication procedure. State-of-the-art research and time-sensitive topics are released with a minimum amount of delay.

### **High Visibility**

Due to our global network and well-known channel partners, we ensure maximum visibility and broad dissemination. Title information of books is sent to international indexing databases and archives, such as the Directory of Open Access Books (DOAB), and the Verzeichnis Lieferbarer Bücher (VLB).

### **Print on Demand and Multiple Formats**

MDPI Books are available for purchase and to read online at any time. Our print-on-demand service offers a sustainable, cost-effective and fast way to publish MDPI Books printed versions.
