Exclusive Papers of the Editorial Board Members and Topical Advisory Panel Members of *Catalysts* in Section "Catalytic Materials"

Edited by: Leonarda Liotta , Narendra Kumar and Konstantin Ivanov Hadjiivanov

The reprint is a compilation of contributions originally published in the *Catalysts* Special Issue entitled "Exclusive Papers of the Editorial Board Members and Topical Advisory Panel Members of *Catalysts*", within the Section "Catalytic Materials".

It features a collection of 15 papers—1 review and 14 original research articles—spanning a wide range of topics in both homogeneous and heterogeneous catalysis. These works reflect the diverse expertise of selected members of the journal's Editorial Board and Topical Advisory Panel. The volume opens with a brief Editorial from the Guest Editors, summarizing the key scientific achievements presented in the Special Issue.
