## Spirituality, Resilience and Posttraumatic Growth

**Edited by: Heather Boynton and Jo-Ann Vis**

Counseling trauma and facilitating posttraumatic growth (PTG) requires a spiritually intelligent approach as a best practice. Recognition of the interconnectedness of trauma, resilience, spirituality, and PTG is emerging. This reprint provides resources for practitioners, researchers, and educators interested in spiritual competency and diverse solutions for spiritually sensitive practice. This Special Issue reprint features contributions that promote spiritual resilience and PTG within spiritually sensitive practices across various disciplines.
