

International Journal of Orofacial
Myology and Myofunctional
Therapy

an Open Access Journal by MDPI

Special Issue Reprint

50 Years of the *IJOM*

Edited by: Nancy Solomon

The *International Journal of Orofacial Myology and Myofunctional Therapy (IJOM)*, the official journal of the International Association of Orofacial Myology, celebrates 50 years of continuous publishing with this collection of thought provoking, informative, and educational articles. Invited and submitted articles address perspectives from experts around the world, with viewpoints and data provided by researchers, practitioners, and patients. This Reprint reflects the multidisciplinary, global, and broad topics welcomed by the *IJOM*.
