Margherita Sisto

ISBN 978-3-0365-5567-6 (Hardback)

ISBN 978-3-0365-5568-3 (PDF)

The year 2021 saw the publication of the Special Issue “Diseases of the Salivary Glands” (https://www.mdpi.com/journal/jcm/special_issues/Salivary_Glands), Part I, covering recent and novel advancements as well as future trends in the field of research evaluating diagnostic and therapeutic treatment of salivary gland (SGs) diseases.

Given the enormous success of Part I, the Special Issue “Diseases of the Salivary Glands” Part II has been launched, with the firm belief that it will enrich the panorama of world research in this field.

Topics include:

- 1) Clinical features and presentation of potentially malignant SG disorders;
- 2) Risk factors and etiopathogenesis of SGs tumors;
- 3) Etiopathogenesis and molecular mechanisms involved in the chronic inflammatory condition characterizing Sjögren’s syndrome;
- 4) New discoveries in the field of micro RNAs associated with Sjögren’s syndrome;
- 5) Molecular markers linked to development and progression of SG diseases: current knowledge and future implications;
- 6) More innovative techniques for the study of the SG diseases: current limitations and future directions

MDPI Books offers quality open access book publishing to promote the exchange of ideas and knowledge in a globalized world. MDPI Books encompasses all the benefits of open access – high availability and visibility, as well as wide and rapid dissemination. With MDPI Books, you can complement the digital version of your work with a high quality printed counterpart.

Open Access

Your scholarly work is accessible worldwide without any restrictions. All authors retain the copyright for their work distributed under the terms of the Creative Commons Attribution License.

Author Focus

Authors and editors profit from MDPI's over two decades of experience in open access publishing, our customized personal support throughout the entire publication process, and competitive processing charges as well as unique contributor discounts on book purchases.

High Quality & Rapid Publication

MDPI ensures a thorough review for all published items and provides a fast publication procedure. State-of-the-art research and time-sensitive topics are released with a minimum amount of delay.

High Visibility

Due to our global network and well-known channel partners, we ensure maximum visibility and broad dissemination. Title information of books is sent to international indexing databases and archives, such as the Directory of Open Access Books (DOAB), and the Verzeichnis Lieferbarer Bücher (VLB).

Print on Demand and Multiple Formats

MDPI Books are available for purchase and to read online at any time. Our print-on-demand service offers a sustainable, cost-effective and fast way to publish MDPI Books printed versions.
