The first international Precision Agriculture Pakistan Conference (PAPC), in 2022, was held in person at PMAS-Arid Agriculture University Rawalpindi (PMAS-AAUR), Pakistan. The PAPC provided opportunities to local researchers to collaborate with national and international researchers in the field of Digital and Precision Agriculture through oral and poster presentations, exhibits, field demonstrations, as well as discussions and the exchange of information. The world's leading Precision and Digital Agriculture researchers from Canada, China, the USA, Australia and Turkey gave keynote addresses during the PAPC 2022. The conference introduced new ideas, solutions and research in the agricultural sector, especially considering global climate change.
