ISBN 978-3-0365-9161-2 (Hardback)

ISBN 978-3-0365-9160-5 (PDF)

This collection brings together basic and clinical research papers that cover different topics in audiology but have one thing in common: the translational approach. The research in this collection demonstrates how exciting and interesting translational audiology can be. This collection aims to stimulate interest and encourage more studies of this type.
