Special Issue Reprint

Environmental and Health Risk Assessment of Heavy Metal Pollution

www.mdpi.com/books/reprint/8709

Edited by
Said Muhammad

ISBN 978-3-7258-0266-1 (Hardback)

ISBN 978-3-7258-0265-4 (PDF)

In a world dealing with the widespread impact of heavy metals on our environment, it is crucial to delve deep into the subject and develop effective strategies. Despite appearing in seemingly harmless concentrations, these metals, which do not break down easily and accumulate in living organisms, pose potential threats to various life forms, including humans. Understanding the intricate details of their presence, pathways, sources, and associated risks in our environment underscores the need for focused research.

This reprint is expected to provide valuable insights that will lay the foundation for future research and policy efforts. The combined knowledge of the global scientific community shared in these pages will contribute to a more resilient and sustainable approach to tackling the complex challenges presented by heavy metal pollutants in our environment. Additionally, the reprint will serve as a handy reference for students, scholars, and budding researchers.

MDPI Books offers quality open access book publishing to promote the exchange of ideas and knowledge in a globalized world. MDPI Books encompasses all the benefits of open access – high availability and visibility, as well as wide and rapid dissemination. With MDPI Books, you can complement the digital version of your work with a high quality printed counterpart.

Open Access

Your scholarly work is accessible worldwide without any restrictions. All authors retain the copyright for their work distributed under the terms of the Creative Commons Attribution License.

Author Focus

Authors and editors profit from MDPI's over two decades of experience in open access publishing, our customized personal support throughout the entire publication process, and competitive processing charges as well as unique contributor discounts on book purchases.

High Quality & Rapid Publication

MDPI ensures a thorough review for all published items and provides a fast publication procedure. State-of-the-art research and time-sensitive topics are released with a minimum amount of delay.

High Visibility

Due to our global network and well-known channel partners, we ensure maximum visibility and broad dissemination. Title information of books is sent to international indexing databases and archives, such as the Directory of Open Access Books (DOAB), and the Verzeichnis Lieferbarer Bücher (VLB).

Print on Demand and Multiple Formats

MDPI Books are available for purchase and to read online at any time. Our print-on-demand service offers a sustainable, cost-effective and fast way to publish MDPI Books printed versions.
