Perspectives on Molecular Materials—A Tribute to Professor Peter Day

Edited by: Lee Martin , Scott Turner , John Wallis , Hiroki Akutsu and Carlos J. Gómez García

To pay tribute to his countless key contributions in many different domains in Materials Chemistry, the journal *Magnetochimistry* has decided to publish this memorial Special Issue (SI) entitled Perspectives on Molecular Materials—A Tribute to Professor Peter Day, including a total of twenty-two contributions from some of his collaborators and friends.
