Edited by
Hosin (David) Lee

The Second International Conference on Maintenance and Rehabilitation of Constructed Infrastructure Facilities (MAIREINFRA2: Chairman Hosin "David" Lee, Professor of University of Iowa, Associate Editor MDPI *Infrastructures* Journal, and Immediate Past President of iSMARTi) is organized by the International Society for Maintenance and Rehabilitation of Transport Infrastructures (iSMARTi). The sustainable and resilient maintenance and rehabilitation of infrastructure is becoming a key challenge. The objective of this conference is to exchange technological innovations among researchers, government employees, consultants, and contractors for maintaining and rehabilitating sustainable and resilient infrastructures, which include roads, rails, bridges, and buildings. MAIREINFRA2 is for sustainable infrastructure engineers, smart city designers, disaster resilience professionals, intelligent transportation engineers, construction managers, maintenance engineers, consulting engineers, government employees, and academic researchers involved in designing and managing sustainable infrastructures worldwide. All papers accepted for the conference are published in the Open Access Scopus-Indexed MDPI *Engineering Proceedings* journal.

MDPI Books

Publishing Open Access Books & Series

MDPI Books offers quality open access book publishing to promote the exchange of ideas and knowledge in a globalized world. MDPI Books encompasses all the benefits of open access – high availability and visibility, as well as wide and rapid dissemination. With MDPI Books, you can complement the digital version of your work with a high quality printed counterpart.

Open Access

Your scholarly work is accessible worldwide without any restrictions. All authors retain the copyright for their work distributed under the terms of the Creative Commons Attribution License.

Author Focus

Authors and editors profit from MDPI's over two decades of experience in open access publishing, our customized personal support throughout the entire publication process, and competitive processing charges as well as unique contributor discounts on book purchases.

High Quality & Rapid Publication

MDPI ensures a thorough review for all published items and provides a fast publication procedure. State-of-the-art research and time-sensitive topics are released with a minimum amount of delay.

High Visibility

Due to our global network and well-known channel partners, we ensure maximum visibility and broad dissemination. Title information of books is sent to international indexing databases and archives, such as the Directory of Open Access Books (DOAB), and the Verzeichnis Lieferbarer Bücher (VLB).

Print on Demand and Multiple Formats

MDPI Books are available for purchase and to read online at any time. Our print-on-demand service offers a sustainable, cost-effective and fast way to publish MDPI Books printed versions.
