Clinical Advances in Cerebral Aneurysm Treatment

www.mdpi.com/books/reprint/9319

Edited by
Ramazan Jabbarli

ISBN 978-3-7258-1213-4 (Hardback)
ISBN 978-3-7258-1214-1 (PDF)

The objective of this reprint is to offer readers the most up-to-date insights into managing both ruptured and unruptured cerebral aneurysms. Despite recent advancements in diagnosing and treating these aneurysms, their associated complications significantly affect patient outcomes at various stages of the disease. The early identification and effective management of potential complications are therefore crucial. Additionally, selecting appropriate candidates for preventive treatment and refining treatment strategies can further enhance outcomes. Within this reprint, neurovascular specialists from around the globe contribute their research findings and perspectives on various aspects of cerebral aneurysm management. These contributions aim to deepen our understanding of the pathophysiological mechanisms behind this complex condition and pave the way for optimizing treatment guidelines in the future.

MDPI Books offers quality open access book publishing to promote the exchange of ideas and knowledge in a globalized world. MDPI Books encompasses all the benefits of open access – high availability and visibility, as well as wide and rapid dissemination. With MDPI Books, you can complement the digital version of your work with a high quality printed counterpart.

Open Access

Your scholarly work is accessible worldwide without any restrictions. All authors retain the copyright for their work distributed under the terms of the Creative Commons Attribution License.

Author Focus

Authors and editors profit from MDPI's over two decades of experience in open access publishing, our customized personal support throughout the entire publication process, and competitive processing charges as well as unique contributor discounts on book purchases.

High Quality & Rapid Publication

MDPI ensures a thorough review for all published items and provides a fast publication procedure. State-of-the-art research and time-sensitive topics are released with a minimum amount of delay.

High Visibility

Due to our global network and well-known channel partners, we ensure maximum visibility and broad dissemination. Title information of books is sent to international indexing databases and archives, such as the Directory of Open Access Books (DOAB), and the Verzeichnis Lieferbarer Bücher (VLB).

Print on Demand and Multiple Formats

MDPI Books are available for purchase and to read online at any time. Our print-on-demand service offers a sustainable, cost-effective and fast way to publish MDPI Books printed versions.
