Prisca Boisguérin
Sébastien Deshayes

ISBN 978-3-7258-1258-5 (Hardback)
ISBN 978-3-7258-1257-8 (PDF)

This Special Issue entitled, initiated by the editorial team of *Pharmaceutics*, pays homage to Professor Ülo Langel for his remarkable scientific contribution to the field of cell-penetrating peptides (CPPs).

Prof. Langel graduated from Tartu University, Tartu, Estonia, as a bioorganic chemist in 1974. He has obtained two PhD degrees: in 1980 from Tartu University, Tartu, Estonia (bioorganic chemistry), and in 1993 from Tartu University/Stockholm University (biochemistry/neurochemistry). Prof. Langel is a Professor at the Department of Biochemistry and Biophysics, Stockholm University, and at the Institute of Technology, Tartu University. Furthermore, he is an Associate Professor at The Scripps Research Institute, La Jolla, CA, USA and Honorary Professor at Ljubljana University, Slovenia.

He has been an invited lecturer at numerous international conferences, and is a co-author of more than 450 scientific articles and 20 approved or pending patents. His main interest lies in neurochemistry, where his research is aimed at studying peptides, particularly neuropeptide receptors, and drug delivery via cell-penetrating peptides.

MDPI Books offers quality open access book publishing to promote the exchange of ideas and knowledge in a globalized world. MDPI Books encompasses all the benefits of open access – high availability and visibility, as well as wide and rapid dissemination. With MDPI Books, you can complement the digital version of your work with a high quality printed counterpart.

Open Access

Your scholarly work is accessible worldwide without any restrictions. All authors retain the copyright for their work distributed under the terms of the Creative Commons Attribution License.

Author Focus

Authors and editors profit from MDPI's over two decades of experience in open access publishing, our customized personal support throughout the entire publication process, and competitive processing charges as well as unique contributor discounts on book purchases.

High Quality & Rapid Publication

MDPI ensures a thorough review for all published items and provides a fast publication procedure. State-of-the-art research and time-sensitive topics are released with a minimum amount of delay.

High Visibility

Due to our global network and well-known channel partners, we ensure maximum visibility and broad dissemination. Title information of books is sent to international indexing databases and archives, such as the Directory of Open Access Books (DOAB), and the Verzeichnis Lieferbarer Bücher (VLB).

Print on Demand and Multiple Formats

MDPI Books are available for purchase and to read online at any time. Our print-on-demand service offers a sustainable, cost-effective and fast way to publish MDPI Books printed versions.
