Ge Dora – Timeless Thresholds

Nishan Rasanga Wijetunge

This richly illustrated volume explores 66 distinctive doors from Sri Lankan homes, spanning from pre-modern traditions to the modern contemporary era. Each door is examined not only for its architectural characteristics, but also through a phenomenological lens that reveals the political, economic, and socio-cultural forces that shaped its existence. Designed for architects, students, researchers, and design enthusiasts, the book strikes a balance between scholarly depth and visual allure. The narrative remains accessible yet intellectually engaging, offering detailed architectural terminology and contextual insights alongside vivid, high-quality imagery. By uncovering the stories embedded in thresholds—silent witnesses to shifting eras and identities—this work invites readers to rethink domestic architecture as a powerful cultural artifact. Whether for academic inquiry or design inspiration, the book promises to captivate and inform.
