MDPI is a pioneer of scholarly open access publishing and has supported academic communities since 1996 [1]. On the occasion of celebrating its 25th anniversary this year [1], we are pleased to announce the launch of a new open access journal, *BioMed* (ISSN 2673-8430) [2].

*BioMed* will be published online quarterly. It will publish regular research papers, communications, letters, short notes, case reports, and reviews.

As with other MDPI journals, we will continue to provide excellent services to the research community to maintain a fast and rigorous peer review process [3]. We hope that you will enjoy publishing with us.

**Funding:** This research received no external funding.

**Conflicts of Interest:** The authors declare no conflict of interest.
