In submitting conference proceedings to *Biology and Life Sciences Forum*, the volume editors of the proceedings certify to the publisher that all papers published in this volume have been subjected to their peer review. Reviews were conducted by expert referees to meet the professional and scientific standards expected of a proceedings journal.

- Type of peer review: single-blind;
- Conference submission management system: submission by email and Google docs
- Number of submissions sent for review: 38;
- Number of submissions accepted: 22 (selected based on the quality of presentation and scientific committee evaluation);
- Acceptance rate (number of submissions accepted/number of submissions received): 57%;
- Average number of reviews per paper: 2;
- Total number of reviewers involved: 36;
- Any additional information on the review process: no additional comments.

Conflicts of Interest: The authors declare no conflict of interest.

Disclaimer/Publisher's Note: The statements, opinions and data contained in all publications are solely those of the individual author(s) and contributor(s) and not of MDPI and/or the editor(s). MDPI and/or the editor(s) disclaim responsibility for any injury to people or property resulting from any ideas, methods, instructions or products referred to in the content.
