The authors wish to make the following correction to this paper [1].

Error in Figure

In the original publication, there was a mistake in Figure 10 as published in \textit{Catalysts} [1]. The uploaded Figure 10f of Bare TiO\textsubscript{2} was repeated with Figure 10d of G-TiO\textsubscript{2}. The corrected Figure 10 appears below. The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.

Corrected Figure 10:
Figure 10. Assessment of antimicrobial efficiency of biosynthesized (G-TiO$_2$) and bare TiO$_2$ nanoparticles against Gram-negative (a,b,e,f) and Gram-positive bacteria (c,d,g,h).
