The authors wish to make the following corrections to their paper [1]:

1. The authors wish to update the dataset link. The correct one should be: <https://dataverse.scholarsportal.info/dataverse/oaapc>
2. The authors also wish to update the Data Set License statement. The correct one should be: There is no license for the dataset as a whole, as individual elements are derived from different sources, which may have their own terms.

The authors apologize for any inconvenience caused to readers. The change does not affect the scientific results. The manuscript will be updated and the original will remain online on the article webpage.
