Deadline for manuscript
submissions:

31 March 2021

Message from the Guest Editor

This Special Issue aims to collect high-quality research articles about indoor air pollution and its association with human health. Relevant topics include but are not limited to the following areas:

- Systematic indoor air quality assessing methods
- Building characteristics, special equipment, or any other methods involved in indoor air pollution control
- Influence of certain indoor air pollution associated contaminants on human health
- Interaction between outdoor and indoor air condition and its influence on indoor air quality
- Assessing health risks associated with indoor air pollution
- Indoor air pollution and epidemic disease control

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed by the [Science Citation Index Expanded](#) and [Social Sciences Citation Index](#) (Web of Science), as well as [Scopus](#) and [other databases](#).

Rapid Publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 17 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the second half of 2019).
