Missing Citation

In the original publication [1], reference [51] was not cited. The citation has now been inserted in Section 4. Pesticidal and Fungicidal Action Mechanisms of Plant-Derived Essential Oils. In Section 4.1. Mode of Action of Insecticidal Essential Oils, the second sentence should read “The EO metabolite-mediated inhibition of acetylcholinesterase (AChE) and octopamine pathways of insects [46–51] (Figure 1) has been well investigated and documented. Among these mechanisms, the inhibition of AChE is one of the most exploited, since AChE is an enzyme that plays a crucial role in neuromuscular and neuronal communication in insects [52–54].”

The citation has also been inserted in the caption of Figure 1 and should read “Figure 1. Insecticidal action mechanisms of plant-derived essential oils (e.g., [51]).”

Add Reference

A new reference [51] was added in the reference part, and it appears below:

With this correction, the order of some references has been adjusted accordingly.

The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.
