High-quality academic publishing is built on rigorous peer review. *IJTPP* was able to uphold its high standards for published papers due to the outstanding efforts of our reviewers. Thanks to the efforts of our reviewers in 2022, a first decision is provided to authors approximately 48.5 days after submission, and acceptance to publication is undertaken in 6 days (median values for papers published in this journal in the second half of 2022). Regardless of whether the articles they examined were ultimately published, the editors would like to express their appreciation and thank the following reviewers for the time and dedication that they have shown *IJTPP*:
