Message from the Editor-in-Chief

You are invited to contribute either a research article or a comprehensive review for consideration and publication in *Processes* (ISSN 2227-9717).

Processes is published in open access format – research articles, reviews, and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited, free access to the content. As an open access journal, *Processes* is supported by the authors and their institutes through the payment of article processing charges (APCs) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Giancarlo Cravotto

Aims

Processes (ISSN 2227-9717) provides an advanced forum for process/system-related research in chemistry, biology, material, energy, environment, food, pharmaceutical, manufacturing, automation control, catalysis, separation, particle and allied engineering fields. The journal publishes reviews, research papers and communications. Our aim is to encourage researchers to publish their experimental, theoretical and computational results in as much detail as necessary. There is no restriction on the maximum length of the papers or number of figures and tables.

Scope

- Chemical Processes and Systems
- Environmental and Green Processes
- Energy Systems
- Materials Processes
- Process Control and Monitoring
- Biological Processes and Systems
- Food Process Engineering
- Catalysis Enhanced Processes
- Automation Control Systems
- Sustainable Processes
- Separation Processes
- Pharmaceutical Processes
- Manufacturing Processes and Systems
- Particle Processes
- AI-Enabled Process Engineering

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints
