Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal, which was established in 2012. The journal publishes original articles, critical reviews, case reports, and short communications on food science. The papers in Foods have attracted great interest in terms of downloads and we are sure that the diversity of publications and the research intensity of the submissions will make Foods one of the leading open access journals in the area of food science. We would be pleased to welcome you as one of our authors, reviewers and readers.

Author Benefits

- **Open Access** Unlimited and free access for readers
- **No Copyright Constraints** Retain copyright of your work and free use of your article
- **Thorough Peer-Review**
- **Discounts on Article Processing Charges (APC)** If you belong to an institute that participates with the MDPI Institutional Open Access Program
- **No Space Constraints, No Extra Space or Color Charges** No restriction on the maximum length of the papers, number of figures or colors
- **Coverage by Leading Indexing Service** Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases
- **Rapid Publication** A first decision is provided to authors approximately 15.9 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2023)
Aims and Scope

Our aim is to encourage scientists, researchers, and other food professionals to publish experimental and theoretical results as much detail as possible, in order to share important research findings with the global food science community.

The scope of *Foods* includes:

- Food sciences and technology
- Food chemistry and physical properties
- Food engineering and production
- Food microbiology and safety
- Food security and sustainability
- Food toxicology
- Sensory and food quality
- Food analysis
- Functional foods, food and health
- Food psychology
- Food and environment
