# *pathophysiology*

an Open Access Journal by MDPI

## Editor-in-Chief

Dr. Jonathan Steven Alexander

## Message from the Editor-in-Chief

The journal *Pathophysiology* has been issued since 1994 and is an international peer-reviewed journal which provides an advanced forum for studies related the etiology, development, and elimination of pathological processes. Contributions on the basic mechanisms underlying these processes, model systems and interdisciplinary approaches are strongly encouraged.

*Pathophysiology* is the official journal of the International Society for Pathophysiology (ISP) and is published quarterly online by MDPI (from Volume 27 Issue 1 - 2020) and indexed by Scopus. Article types accepted include, but are not limited to, original research articles, reviews and editorials. Please consider *Pathophysiology* for your next publication of novel and innovative research.

## Author Benefits

**Open Access** Unlimited and free access for readers

**No Copyright Constraints** Retain copyright of your work and free use of your article

**Thorough Peer-Review**

**No Space Constraints, No Extra Space or Color Charges** No restriction on the length of the papers, number of figures or colors

**Journal Rank** CiteScore - Q1 (*Pathology and Forensic Medicine*)

**Coverage by Leading Indexing Services** Scopus, and many other databases

Indexed in:  
**PubMed**

CITESCORE  
**4.3**

## Aims and Scope

The journal serves as a platform for exchange of knowledge by publishing original research articles, reviews, and case reports that will contribute to the current knowledge and encourage future research including, but not limited to, the following subjects:

- General pathophysiological processes: inflammation, infection, hypoxia, stress, shock, pain, dysregulation
- Cellular and molecular pathophysiology
- Neuroscience
- Heart and circulation
- Respiratory system
- Renal, fluid and electrolyte pathophysiology
- Gastrointestinal and hepatic system
- Endocrine system
- Metabolic disorders
- Blood system
- Immune system
- Reproductive system
- Locomotor system
