Current Oncology
an Open Access Journal by MDPI

Message from the Editor-in-Chief

Current Oncology is a scientific, peer-reviewed open access cancer journal established in 1994 and published bi-monthly. The field of clinical oncology is rapidly changing. This journal provides a platform to disseminate high-quality, original clinical research, expert reviews and periodic Special Issues with the clinical oncologist and healthcare provider audience in mind. Current Oncology is committed to recognizing outstanding clinical oncology research and provides rigorous peer-review and an efficient publication process.

Author Benefits

- **Open Access** Unlimited and free access for readers
- **No Copyright Constraints** Retain copyright of your work and free use of your article
- **Coverage by Leading Indexing Service** Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, and other databases
- **Rapid Publication** First decision provided to authors approximately 19.6 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2022)
- **Thorough Peer-Review**
- **No Space Constraints, No Extra Space or Color Charges** No restriction on the maximum length of the papers, number of figures or colors
- **Discounts on Article Processing Charges (APC)** If you belong to an institute that participates with the MDPI Institutional Open Access Program
Aims and Scope

*Current Oncology* represents a multidisciplinary medium encompassing health care workers in the field of cancer therapy to report upon and to review progress in the management of this disease. Articles published in the journal typically contain information that is relevant directly to clinical oncology practice, and have clear potential for application to the current or future practice of cancer medicine.

The scope of *Current Oncology* includes (but is not limited to):

- Radiation oncology
- Biomarkers in oncology
- Surgical oncology
- Medical oncology
- Pediatric oncology
- Oncologic pathology
- Palliative care
- Geriatric oncology
- Psychosocial oncology
- Cancer genetics
- Cancer control and prevention
- Cancer rehabilitation and survivorship
- Immuno-oncology
- Integrative oncology
- Clinical trials
- Clinical oncology practice guidelines
