Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. Animals adheres to rigorous peer-review and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. Animals is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 3.231 (2021, ranks 13/62 (Q1) in ‘Agriculture, Dairy & Animal Science’; 16/144 (Q1) in ‘Veterinary Sciences’), 5-Year Impact Factor: 3.312.

Author Benefits

- **Open Access** Unlimited and free access for readers
- **No Copyright Constraints** Retain copyright of your work and free use of your article
- **2021 Impact Factor: 3.231** (Journal Citation Reports - Clarivate, 2022)
- **Discounts on Article Processing Charges (APC)** If you belong to an institute that participates with the MDPI Institutional Open Access Program
- **No Space Constraints, No Extra Space or Color Charges** No restriction on the maximum length of the papers, number of figures or colors
- **Journal Rank** JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
- **Coverage by Leading Indexing Services** Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases
- **Rapid Publication** First decision provided to authors approximately 17 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2022)
Aims and Scope

Animals (ISSN 2076-2615) publishes original research articles, reviews, communications, and short notes that are relevant to any field of study that involves animals, including animal science, animal welfare, animal ethics, zoology, ethnozoology, and anthrozoology. Our aim is to encourage scientists to publish their experimental and theoretical research in as much detail as possible. Full experimental details and/or method of study, necessary ethical approval must be provided for research articles.

The Primary Areas of Animals include:

- Animal science
- Human and animal interactions
- Animal management and welfare science
- Animals and society
