# Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for publication after successful peer-review processing in *Administrative Sciences* (ISSN 2076-3387). *Administrative Sciences* is a multidisciplinary journal for the broad field of organization studies. It publishes research articles, reviews and other content, in open access format, released on the internet immediately after acceptance. As an open access journal, we believe that academic knowledge should be available to all, for free, so that others can build upon the knowledge shared. Open availability will encourage a stronger evidence-based management practice. The scientific community and the public have unlimited, free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors. We also invite you to offer any proposals for Special Issue topics that you feel would be of interest.
