Prof. Dr. Bin Gao

Prof. Dr. Urs Feller

## Message from the Editor-in-Chief

*Agriculture* (ISSN 2077-0472) is an international, cross-disciplinary and scholarly journal on the science and technology of crop and animal production, and management of the natural resource base for agricultural production. We invite submissions from authors according to the aims and scope of the journal described in more detail below. *Agriculture* is published in an open access format – articles are published on the journal's website immediately after acceptance, giving the scientific community and the public unlimited and free access to the content.

## Author Benefits

-  **Open Access** Unlimited and free access for readers
-  **No Copyright Constraints** Retain copyright of your work and free use of your article
-  **Thorough Peer-Review**
-  **Discounts on Article Processing Charges (APC)** If you belong to an institute that participates with the MDPI Institutional Open Access Program
-  **No Space Constraints, No Extra Space or Color Charges** No restriction on the maximum length of the papers, number of figures or colors
-  **Journal Rank** JCR - Q1 (*Agronomy*) / CiteScore - Q2 (*Plant Science*)
-  **Coverage by Leading Indexing Services** Scopus, SCIE (Web of Science), PubAg, AGRIS, RePEc, and other databases
-  **Rapid Publication** First decision provided to authors approximately 18.6 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2022)

## Aims and Scope

*Agriculture* will publish research papers, short communications and review papers. There is no restriction on the maximum length of the papers. Our aim is to encourage scientists to publish their experimental and theoretical research in as much detail as necessary. Full experimental and/or methodical details must be provided for research articles. All submissions should be prepared in accordance with the Instructions for Authors (<https://www.mdpi.com/journal/agriculture/instructions>).

The scope of *Agriculture* includes:

- Crop Production
- Farm Animal Production
- Genotype Evaluation and Breeding
- Crop Protection, Diseases, Pest and Weeds
- Agricultural Systems and Management
- Agricultural Soils
- Agricultural Water Management
- Agricultural Technology
- Agricultural Economics, Policies and Rural Management
- Ecosystem, Environment and Climate Change in Agriculture
- Agricultural Product Quality and Safety
- Digital Agriculture
- Seed Science and Technology
