Error in Figure

In the original publication [1], there was a mistake in Figure 3 as published. The corrected Figure 3 appears below. The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.

Figure 3. Effect of P72 on the expression of DA- and insomnia-related markers in the prefrontal cortex. Effect on GABA (a), GABA_Aα1 (b), and GABA_Aα2 (c) expression levels. Effect on serotonin (d), 5-HT_{1A}R (e), and 5-HT_{1B}R (f) expression levels. Effect on corticosterone (Cort, (g)), TNF-α (h), and IL-10 (i) levels. IS, vehicle; P72, 1×10^9 CFU/mouse/day of P72 in IS/IF-treated mice; NC, saline in IS/IF-nontreated mice. Data are mean $\pm$ SD (n = 8). # $p < 0.05$ vs. NC. * $p < 0.05$ vs. IS.
