# Message from the Editor-in-Chief

We believe that a journal that is centred on lipidology is essential for gathering and spotlighting cutting-edge advances in the study of all types of lipids, such as fatty acids, triglycerides, glycerophospholipids, sphingolipids, and steroids. All of these molecules play fundamental roles in human physiology, and their dysregulation is associated with neurodegenerative, cardiovascular, genetic, liver, and kidney diseases, as well as numerous rare diseases.

---

**Editor-in-Chief**

Prof. Dr. Nicola Ferri

---

## Aims

*Lipidology* (ISSN 2813-7086) is an international, peer-reviewed, and open access journal devoted to lipid research. It links several scientific disciplines, such as chemistry, biochemistry, biotechnology, pharmacology, nutrition, metabolism, and clinical science. Our aim is to provide an advanced forum for scientists to share their ideas and research.

*Lipidology* publishes original research papers, review papers, and Special Issues on popular subjects. There is no restriction on the maximum length of the papers or the number of electronic multimedia and supplementary files. Full experimental details should be provided so that the results can be reproduced.

---

## Scope

- Lipids in cells and whole organisms;
- Lipid structure and function;
- Lipid products and processes;
- Lipid nanoparticles and RNA delivery
- Dietary lipids and nutrition;
- Marine lipids;
- Pharmacological modulation of lipid metabolism;
- Lipidomics;
- Lipid metabolism and enzymatic systems involved in lipid metabolism;
- Lipids in health and disease.

---

## Author Benefits

### Open Access

Unlimited and free access for readers

### No Copyright Constraints

Retain copyright of your work and free use of your article

### Thorough Peer-Review

### Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

### No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures, or use of colors

### Rapid Publication

First decisions in 19 days; acceptance to publication in 4 days (median values for MDPI journals in the first half of 2025)
