# Message from the Editor-in-Chief

*AgriEngineering* (ISSN 2624-7402) is an international open access, open-source, and cross-disciplinary scientific journal on the engineering science of agricultural and horticultural production. Our aim is to encourage scientists to publish their experimental and theoretical research, along with the full set of schematics, source-code, and mechanical design models leading to accelerated and rapid dissemination of leading-edge technologies emerging in agricultural, environmental, and agronomic engineering. *AgriEngineering* publishes articles, technical notes, reviews, commentaries, and case/field reports, as well as Special Issues on particular subjects.

## **Editor-in-Chief**

Prof. Dr. Francesco Marinello

---

## **Aims**

*AgriEngineering* encourages scientists to publish their experimental and theoretical results in as much detail as possible. Therefore, the journal has no restriction on the maximum length of the papers. Full experimental details should be provided so that results can be reproduced. Electronic files or software regarding the full details of the calculation and experimental procedure as well as source codes can be submitted as supplementary material. For more information on how to submit full experimental details, schematics, source-code, and design drawings, please see [Instructions for Authors at mdpi.com/journal/agriengineering/instructions](https://mdpi.com/journal/agriengineering/instructions).

---

## Scope

- Biological and agricultural engineering
- Smart farming
- Remote sensing
- Automation and robotics in agriculture
- Aquaculture, horticultural, and greenhouse engineering
- Pre- and post-harvest processing
- Pest management
- Livestock farming technology and animal monitoring
- Yield monitoring
- Innovative farming techniques

---

## Author Benefits

### Open Access

Unlimited and free access for readers

### No Copyright Constraints

Retain copyright of your work and free use of your article

### Thorough Peer-Review

### 2024 Impact Factor: 3.0

(*Journal Citation Reports* - Clarivate, 2025)

### Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

### No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures, or use of colors

### Journal Rank

JCR - Q2 (Agricultural Engineering) /  
CiteScore - Q1 (Horticulture)

### Coverage by Leading Indexing Services

Scopus, ESCI (Web of Science), PubAg, FSTA, AGRIS, CAPlus / SciFinder, and other databases

### Rapid Publication

A first decision is provided to authors approximately 22 days after submission; acceptance to publication is undertaken in 6.3 days (median values for papers published in this journal in the second half of 2025)
