Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Journal of Zoological and Botanical Gardens*, an international, multidisciplinary, peer-reviewed, open-access and open-source scientific journal that covers areas at the intersection of fauna and flora conservation. It publishes reviews, original research papers, short communications and opinion papers, no restriction on the maximum length of the papers. The *Journal of Zoological and Botanical Gardens* is the first international, peer-reviewed journal that provides an advanced forum for studies on both animals and plants kept in zoos, aquaria, and botanical gardens. It offers a unique opportunity to have the most updated research insights into each individual institution and discipline, but also a chance to treat common issues relating to their missions and aims, responding to the need of a multidisciplinary partnership approach.

Editor-in-Chief
Prof. Dr. Kevin Cianfaglione

Aims

The *Journal of Zoological and Botanical Gardens* (ISSN 2673-5636) is an international, multidisciplinary, peer-reviewed, open-access and open-source scientific journal that covers areas at the intersection of fauna and flora conservation. It publishes reviews, original research papers, short communications and opinion papers, no restriction on the maximum length of the papers. The *Journal of Zoological and Botanical Gardens* draws together expertise from biological, conservation, social sciences and humanities, to explore pure and applied research questions concerning the management, conservation and sustainability of wildlife.

Scope

Species Conservation
- Ex situ conservation of endangered species
- Reproductive biology, physiology and stress response of endangered species
- Behavioural research advances in aquaria and zoological gardens
- etc.

Cultural Heritage and Social Sciences
- Lessons learned in the history of aquaria, botanical and zoological gardens
- Recreational and visitor satisfaction research in aquaria, zoological and botanical gardens
- etc.

Education
- Education as a conservation output of aquaria, zoological and botanical gardens
- Educational techniques in aquaria, zoological and botanical gardens
- etc.

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Journal Rank

CiteScore - Q2 (Veterinary (miscellaneous))

Coverage by Leading Indexing Services

ESCI (Web of Science), Scopus, AGRIS, and other databases

Rapid Publication

A first decision is provided to authors approximately 19.7 days after submission; acceptance to publication is undertaken in 6.6 days (median values for papers published in this journal in the first half of 2026)
