Message from the Editor-in-Chief

I would like to present *Electricity*, an international, open access journal in electrical engineering and research. I encourage you to submit your manuscripts for consideration for publication in the area of electrical engineering, according to the scope of the journal. We will be happy to receive your recent research and reviews, as well as significant insights of demonstration projects and case studies. I am very confident you will find it easy to contribute your research work to this journal, and that you will enjoy reading the articles on and in *Electricity*.

Editor-in-Chief
Prof. Dr. Andreas Sumper

Aims

Electricity (ISSN 2673-4826) provides an advanced forum for studies related to all aspects of electrical engineering. It publishes reviews, regular research papers, and short communications, as well as Special Issues on particular subjects. The aim of *Electricity* is to encourage scientists to publish their experimental and theoretical results in as much detail as desired. Therefore, the journal has no restriction on the maximum length of the papers. Full experimental details should be provided so that results can be reproduced.

Scope

- Electric infrastructure and applications
- Electric power systems
- Electric transportation
- Electricity storage
- Energy conversion
- Power markets and economics
- Smart grids and smart electricity applications
- Sustainable and green electricity
- Environmental issues

Author Benefits
