Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics*. *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Aims

Diagnostics (ISSN 2075-4418) is an international scholarly open access journal on medical diagnostics. It publishes original research articles, reviews, short communications, case reports and interesting images. There is no restriction on the maximum length of the papers. Our aim is to encourage scientists to publish their experimental and theoretical research in as much detail as possible. Full experimental and/or methodological details must be provided for research articles.

Scope

- Medical imaging and theranostics
- Pathology and molecular diagnostics
- Point-of-care diagnostics and devices
- Diagnostic microbiology and infectious disease
- Machine learning and artificial intelligence in diagnostics
- Optical diagnostics
- Clinical laboratory medicine
- Clinical diagnosis and prognosis
