Publication Procedure

Submit a proposal

To request a quotation for publishing conference proceedings, please submit a proposal to the MDPI Proceedings Series

Sign agreement

Creation and signing of an agreement that covers costs and services

Publication guidance

The journal provides conference organizers with guidance on the collection and publication of conference proceedings

Collection of submissions

Conference organizers collect submissions and complete the peer review process

Publication

Accepted papers are delivered to the journal by a fixed date (before or after your conference)

Finalization

All authors are notified by the journal once the volume has been finalized
Final invoicing of the conference organizer
Reprint book production

Journal Services

Type

Publication of proceedings papers, conference reports, posters, and any other output from the conference.

Copy-editing

Language editing and XML conversion for all the accepted papers.

Quality check

Comprehensive similarity check and plagiarism detection for all articles to be published in a series.

A dedicated volume webpage for your conference

This will include a table of contents, conference details, etc.

Reprint with ISBN

An electronic conference book will be produced; a hard copy is available upon request.

Open access

Unlimited and free access for readers.

High visibility

All published works will be assigned a digital object identifier (DOI), which is citable; published works will be available on mdpi.com and will appear on search engines such as Google Scholar.

Promotion

of your conference on MDPI journal websites, through newsletters and social media.

Sciforum support

Optional use of our platform to set up your conference website and organize the peer-review process free of charge
