Message from the Editors-in- Chief

Galaxies provides an advanced forum for studies related to astronomy, astrophysics, and cosmology, including all of their subfields. Different formats, such as specialized research articles, reviews, communications, and technical notes, are welcomed. Manuscripts containing original and creative research proposals and ideas are especially appreciated.

We encourage scientists to publish their astronomical observations and theoretical results in as much detail as possible. There is no restriction on the maximum length of papers, and full experimental and methodological details, as applicable, should be provided. All papers will be peer reviewed promptly. On behalf of the distinguished members of the editorial board, I welcome all researchers working on these subjects to contribute to *Galaxies*.

Editors-in-Chief

Dr. Margo Aller
Dr. Jose L. Gómez

Aims

Galaxies (ISSN 2075-4434) is an international, peerreviewed open access journal that provides an advanced forum for studies related to astronomy, astrophysics, and cosmology. It publishes reviews, research articles, communications and technical notes. Our aim is to offer to interested authors the advantages of a fast and very professional publication of their results, in particular those containing original and creative research proposals and ideas. We encourage scientists to describe their astronomical observations and theoretical results in detail. There is no restriction on the maximum length of papers.

Scope

- Astronomy
- Astrophysics
- Cosmology
- Observational Astronomy—Radio, Infrared, Optical, X-ray,
- Neutrino, etc.
- Planetary science
- Astronomy equipment and technologies
- Future astronomical facilities
- Astronomical data analyses
- Astrochemistry and Astrobiology
- Archaeoastronomy
- Philosophical issues in Cosmology

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Journal Rank

JCR - Q2 (Astronomy and Astrophysics)
/ CiteScore - Q2 (Astronomy and Astrophysics)

Coverage by Leading Indexing Services

Scopus, ESCI (Web of Science),
Astrophysics Data System, INSPIRE,
Inspec, and other databases

Rapid Publication

A first decision is provided to authors approximately 23.4 days after submission; acceptance to publication is undertaken in 4.8 days (median values for papers published in this journal in the first half of 2025)
