Message from the Editor-in-Chief

Anesthesia Research is the new open-access journal published by MDPI. It is intended to include scientific contributions in many fields directly connected to anesthesia and related clinical environments.

It is the intention of *Anesthesia Research* to rapidly reach and maintain a good Impact Factor, and to do this, the quality of the contributions is of paramount importance. The quality of work of the Editors, the Editorial Staff, the Publisher, and of course, the Authors, is the only way to hit the target.
