Message from the Editor-in-Chief

Laboratories is an international, peer-reviewed, open access journal on laboratory management. The journal has a multidisciplinary character, and our aim is to publish papers exploring all aspects related to laboratory construction and maintenance, management and planning, equipment and supplies, automatization, and hazards, among others.

I wish to extend a warm welcome to all current and future members of the Editorial Board and invite professionals from academia and industry to join us and work together to develop this promising new journal.

Editor-in-Chief

Prof. Dr. Gassan Hodaifa

Aims

Laboratories (ISSN 2813-8856) is an international, peer-reviewed, open access journal on laboratory management. It publishes reviews, research papers, and short communications. This journal has a multidisciplinary character, and our aim is to publish papers exploring all the aspects related to laboratory construction and maintenance, management and planning, equipment and supplies, automatization, hazards, and other pertinent topics.

Scope

- Laboratories' role in driving scientific and technological innovation through research and development.
- Innovation in the interaction between laboratories and quality industries.
- The critical analysis of existing legislation, proposals for improvement, and new aspects to be included.
- Good practices in biological laboratories, risks, and health.
- Occupational health and hygiene monitoring.
- Novel methods or new equipment and their integration into laboratory management.
- New laboratories, construction, planning, equipment, computational tools, automatization, management, maintenance, and supplies.
- Laboratory hazardous waste management and process safety standards.
- Spills, safety legislation and practices, and related concerns.
- Fires and explosions.
- Protective equipment.
- Laboratory animals.
- Laboratory problems and challenges.

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough PeerReview

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Rapid Publication

First decisions in 19 days; acceptance to publication in 8 days (median values for MDPI journals in the second half of 2025)
