Message from the Editor-in-Chief

Therapeutics is an international, peer-reviewed, open access journal on all the modern as well as established traditional therapeutic techniques published quarterly online by MDPI.

Editor-in-Chief

Prof. Dr. Nejat Düzgüneş

Aims

Therapeutics (ISSN 2813-9909) is an international, peer-reviewed, open access journal on both modern and established traditional therapeutic techniques.

Therapeutics aims to publish cutting edge research focused on the prevention and treatment of human disease. *Therapeutics* publishes reviews, original research, guidelines, communications, etc. We encourage scientists to publish their experimental and theoretical results in as much detail as possible, including results that may be considered “negative”. There is no restriction on the maximum length of the papers. Full experimental details must be provided so that the results can be reproduced.

Scope

The journal scope includes, but is not limited to, the following areas:

- Diet and nutrition
- Biological therapy and stem-cell therapy
- Drug therapy
- Chemotherapy
- Radiation and other nonsurgical therapeutic strategies
- Palliative care and physical therapy
- Multimodal therapy
- Nanomedicine and regenerative medicine
- Pharmacogenomics and precision medicine
- Next-generation therapeutics
- Traditional therapeutics
- Phage therapeutics

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program (IOAP)

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Rapid Publication

First decisions in 18 days; acceptance to publication in 7 days (median values for MDPI journals in the first half of 2026)
