Message from the Editors-in-Chief

Dear researchers, clinicians, authors
and readers,

Craniomaxillofacial Trauma & Reconstruction (CMTR) is the official journal of AO Craniomaxillofacial Surgery (AO CMF), an open-access, peer-reviewed journal that focuses on publishing the latest scientific developments in surgery of the head, face, and jaw. The journal serves clinicians, surgeons, researchers, and specialists involved in the treatment and reconstruction of craniomaxillofacial injuries and disorders.

We seek to publish high-quality manuscripts submitted by professionals involved in facial trauma, reconstructive surgery, craniofacial care, related research and technological innovation.

Editors-in-Chief

Prof. Dr.
Kathleen Fan

Prof. Dr. Yiu Yan
Leung

Prof. Dr. mult.
Florian M.
Thieringer,
MHBA

Aims

Our journal *Craniomaxillofacial Trauma & Reconstruction* is devoted to the study and the management of craniomaxillofacial conditions, including, but not limited to, the epidemiology, diagnosis, operative and non-operative management options, surgical techniques, emerging research, basic, translational, and clinical research in regenerative surgery and tissue regeneration, including bone, cartilage and soft tissue repair, evidence-based therapy, and clinical developments.

The journal distributes the most updated knowledge among oral and maxillofacial surgeons, otolaryngologists/head and neck surgeons, plastic surgeons, ophthalmologists/oculoplastic surgeons, and trauma surgeons across the globe by providing an integrated and balanced view of the current clinical science in craniomaxillofacial surgery.

Scope

- Craniomaxillofacial Pathology;
- Craniomaxillofacial Trauma;
- Dentoalveolar Surgery;
- Dental Implant Rehabilitation;
- Facial Aesthetic Surgery;
- Hard and Soft Tissue Reconstruction of Craniomaxillofacial Defects;
- Oculoplastic Surgery;
- Orthognathic Surgery and Facial Deformities;
- Pediatric Cleft and Craniofacial Surgery;
- Management of Temporomandibular Disorders;
- Management of Obstructive Sleep Apnea;
- Head and Neck Surgery;
- Regenerative Surgery and Tissue Regeneration.

Author Benefits

Open Access

Unlimited and free access for readers.

No Copyright Constraints

Retain copyright of your work and free use of your article.

Thorough Peer-Review

2025 Impact Factor

1.0 (Journal Citation Reports – Clarivate, 2026).

Rapid Publication

Manuscripts are peer-reviewed and a first decision is provided to authors approximately 24.6 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the second half of 2025).

Coverage by Leading Indexing Services

ESCI (Web of Science), PubMed, PMC, Embase, and other databases.

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors.

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program (IOAP). AO CMF members are entitled to a membership discount.
