Message from the Editor-in-Chief

I encourage you to contribute a research article or a comprehensive review article for publication in *Environmental Remediation*. Our journal is an international, cross-disciplinary, scholarly, open access journal focusing on environmental cleanup, ecological restoration, environmental sustainability, and development. We aim to encourage scientists and engineers to publish research related to the removal, treatment, and management of pollutants and ecological restoration in various environmental areas. There is no restriction on the maximum length of the papers.

Editor-in-Chief

Prof. Dr. Chenxi Wu

Aims

Environmental Remediation (ISSN 3042-903X) is an international, cross-disciplinary, scholarly, open access journal focusing on environmental cleanup, ecological restoration, environmental sustainability, and development. We aim to encourage scientists and engineers to publish research related to the removal, treatment, and management of pollutants and related to ecological restoration in various environmental settings.

Scope

- Air, soil, and water pollution and treatment
- Wastewater management and treatment
- Ecological restoration, ecological remediation, and phytoremediation
- Physical, chemical, biological, thermal, and emerging methods in environmental remediation technologies
- Environmental management and governance
- Environmental modeling and monitoring: Predictive tools, sensor technologies, and long-term performance evaluations;

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Rapid Publication

First decisions in 8 days; acceptance to publication in 7 days (median values for MDPI journals in the first half of 2026)
