Message from the Editor-in-Chief

Project Management Horizons is an international, peer-reviewed, open access journal on the theory, research and practice of project management, published quarterly online by MDPI.

Editor-in-Chief
Prof. Dr. Steve Rowlinson

Associate Editors
Prof. Dr. Albert P. C. Chan
Prof. Dr. Xiaohua Jin

Aims

Project Management Horizons is an international, peer-reviewed, open access journal devoted to the publication of original papers, review articles and communications related to all fields of project management, including the planning, initiation, execution, monitoring, control and closure of projects. Our aim is to advance the theory, research and practice of project management by publishing high-quality, original research that addresses significant issues relating to information technology, construction, engineering, manufacturing, healthcare, finance, marketing, energy, telecommunications and research & development. There is no restriction on the maximum length of the paper.

Scope

The journal scope includes, but is not limited to, the following areas:

- Construction management and engineering
- Building project management
- Information technology in project management
- Artificial Intelligence (AI) and machine learning in project management
- Sustainability in project management
- Project strategies and frameworks
- Project management methodologies and tools
- Change and risk management
- Financing and cost management
- Quality management
- Project control and monitoring
- Project bidding and tendering and contract management
- Project leadership and team dynamics
- Project performance measurement and evaluation
- Operations research models in project management
- Case studies of project management
- Infrastructure and systems delivery
- Supply chain management, etc.
