# Message from the Editor-in-Chief

“Microorganism” merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

---

**Editor-in-Chief**

Dr. Nico Jehmlich

---

**Aims**

*Microorganisms* publishes original research, reviews, short communications, and commentaries. It aims to provide a broad forum for research discoveries involving all types of microorganisms and microbial communities, as well as diverse scientific methods used in their studies.

---

## Scope

- Bacterial, archaeal and eukaryotic cellular microorganisms, and non-cellular transmissible agents such as viruses and prions
- Microbial ecology of environmental microbial communities
- Microbial diversity including molecular diversity and metagenomics
- Microbial physiology and biochemistry
- Applied microbiology and biotechnology
- Microbial genetics
- Medical and pharmaceutical microbiology
- Evolutionary microbiology
- Industrial microbiology
- Agricultural microbiology
- Food microbiology

---

## Author Benefits

### Open Access

Unlimited and free access for readers

### No Copyright Constraints

Retain copyright of your work and free use of your article

### Thorough Peer-Review

### 2024 Impact Factor 4.2

(*Journal Citation Reports* - Clarivate, 2025)

### Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

### No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures, or use of colors

### Journal Rank

JCR - Q2 (Microbiology) / CiteScore - Q1 (Microbiology (medical))

### Coverage by Leading Indexing Services

Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, AGRIS, and other databases

### Rapid Publication

A first decision is provided to authors approximately 20 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the second half of 2025)
